

# ADJUSTABLE BASE FIXTURE

## Adjustable Base Fixture

EAST DORSET, VT – [July 7, 2015]

**Engineered Printing Solutions** now offers an adjustable base fixture designed to manually incline a fixture when you need to reach an angled position. Once the fixture is in the correct position it can be locked.

This unit has the following features:

- Can adjust up to 27° degrees
- Made out of anodized aluminum
- Manual locking mechanism
